

RUPESH KUMAR

B2B Marketing Manager | Event Strategy & Program Leadership | Global Growth

+66-0815451342 | rupeshkr85@yahoo.com | Bangkok, Thailand

PROFILE SUMMARY

Strategic B2B Marketing Manager with 14+ years of global experience designing and executing event-led growth programs, scalable marketing frameworks, and cross-functional initiatives that deliver measurable business impact. Proven ability to translate commercial priorities into actionable event strategies, build structured operating playbooks, and influence senior stakeholders across complex, matrixed organisations. Track record of driving partner engagement, user adoption, and revenue-aligned outcomes across diverse international markets — combining the analytical rigour of a program leader with the creative instinct of a seasoned B2B marketer.

CORE COMPETENCIES

- Event Strategy & Business Integration
- Cross-Functional Stakeholder Leadership
- B2B Marketing & Partner Engagement
- Data-Informed Campaign Optimisation
- Digital & Content Strategy (Multi-Channel)
- Scalable Playbook & Framework Development
- Program & Project Governance (PMO)
- Performance Measurement & ROI Analysis
- Budget & Resource Management (\$400K+)
- Revenue & Pipeline-Focused Growth

WORK EXPERIENCE

Director of Special Projects (Marketing)

March 2018 – Dec 2025

Association of Proposal Management Professionals (APMP)

Remote | Global

Global B2B marketing leader responsible for end-to-end event strategy, partner engagement programs, and scalable growth frameworks across international stakeholder networks.

- **Developed and owned the annual event marketing roadmap**, translating commercial growth objectives into a structured program of 100+ global webinars, conferences, and engagement campaigns — growing flagship event attendance from 700 to 1,300 (+85%) and webinar attendance from 400 to 1,200 (3x).
- **Built scalable event playbooks and operating models** covering pre-event strategy, stakeholder briefings, execution governance, and post-event impact analysis — enabling consistent delivery across regions and reducing operational friction across multi-workstream campaigns.
- **Led cross-functional program governance** across leadership, regional teams, content, and technology stakeholders, establishing structured working cadences, milestone tracking, and executive reporting mechanisms to ensure disciplined execution at scale.
- **Acted as strategic marketing advisor** to board members and regional leaders, influencing adoption of data-informed event and campaign strategies — driving a 2–3x increase in attendance and +40% growth in digital reach (20,000 to 28,000).
- **Designed and scaled partner marketing programs** (town halls, newsletters, Women Leaders Forum) with a structured engagement framework, growing enterprise participation from 40 to 200 members (5x) while maintaining 80% retention and 90%+ satisfaction scores.
- **Built measurement frameworks and post-event impact analysis** processes, leveraging audience behaviour, attendance trends, and feedback data to optimise campaign performance and improve conversion rates (approximately 6–7%), tracking ROI against defined business outcomes.
- **Executed CRM-driven lifecycle engagement initiatives** (iMIS platform), including loyalty and recognition programs that contributed to \$100,000 in cost savings by improving retention and increasing organic participation — reframed as a commercial efficiency win aligned to membership revenue goals.
- **Grew membership base from 10,000 to 14,000 (+40%)** through aligned acquisition and engagement strategies, connecting event program outcomes directly to revenue growth and partner value.
- **Managed \$400,000+ annual marketing budget** with disciplined performance tracking, achieving 5–10% year-on-year cost efficiencies while reinvesting into high-impact, scalable programs to sustain growth.

- **Initiated Voice Search Optimisation (VSO)** strategy to enhance platform discoverability and future-proof the organisation's digital presence, supporting long-term organic pipeline growth.
- **Managed digital content strategy** across LinkedIn, YouTube, newsletters, and owned media channels (podcast, AI content series), driving 1,100+ downloads and strengthening brand visibility and audience engagement.

North India Head

2014 – 2018

Confederation of Indian Industry (CII)

New Delhi, India

Regional program and engagement leader responsible for driving certification adoption, stakeholder partnerships, and large-scale event execution across North India.

- **Developed and executed regional event strategy** for the Green Building Congress, supporting sponsorship acquisition (INR 7M over 3 years) and growing delegate attendance from 2,000 to 3,000 (+25% year-on-year) — managing multi-workstream coordination across government, industry, and academic stakeholders.
- **Built structured stakeholder engagement frameworks** with government departments, organising joint seminars attracting approximately 300 delegates per event, and influencing policy outcomes including 5% additional FAR for green buildings in Uttar Pradesh.
- **Drove regional program adoption** through targeted campaigns and partnerships, increasing certified projects by 200+ per year, growing membership from 800 to 1,000 (+25%) over three years, and boosting certified professionals from 600 to 800 (+33%).
- **Designed and managed content campaigns and newsletters** to drive awareness and engagement across architects, consultants, developers, and manufacturers — applying audience segmentation and feedback loops to improve campaign relevance and participation.

Marketing Officer

2012 – 2014

Autometers Alliance Ltd

Noida, India

- Managed business development and marketing initiatives targeting institutional and government clients (BHEL, RITES, Power Grid) in Northern India, building structured pipelines through market research, tender preparation, and proactive lead generation.
- Developed and maintained strategic relationships with consultants and dealers to drive sustained commercial growth across the region.

Marketing Executive

2010 – 2012

Numeric Power Systems Ltd

Kolkata, India

- Drove corporate client acquisition by assessing needs and delivering customised solutions, fostering long-term business relationships and ensuring consistent revenue contribution.
- Led technical seminars and client engagement sessions, managed distributor relationships, and enhanced account management practices to support business growth and client satisfaction.
